**Subject:** New Comments on Call for Information?  
**Attachments:** Comment TCEQ 2.pdf

I saw this article in Inside EPA (<https://insideepa.com/daily-feed/texas-calls-casac-weigh-adverse-costs-naaqs-reviews>) that referenced new comments (submitted this week) to the docket in response to the Call for Information published in the FRN in June. I thought the public comment period had closed in August for that FRN?

TCEQ did provide comments back in August on the Call for Information. These ones are new.

I have attached the new set of TCEQ comments.
